

## Eyres Apparent Victor In Provincial Contest Tuesday But Result Not Conceded

**CONSERVATIVE RE-ELECTED ON HOME COUNT BY GOOD MAJORITY BUT SOLDIER AND ABSENTEE VOTE STILL TO BE ADDED; M-S-A SPLITS VOTE CLOSELY**

Flying Officer Les. H. Eyres, Conservative candidate, has been re-elected as representative of this riding in the B.C. Legislature by a majority of 116 votes over his nearest opponent, Fred A. Menzies, Liberal, on the basis of the latest available figures.

These were secured by The News at 4:30 this afternoon from W. A. Baird, returning officer, Chilliwack. They show Mr. Eyres to have polled 2565 votes in Tuesday's provincial election, Mr. Menzies 2449 and Eric S. Flowerdew, C.C.F. candidate 1757. They do not, however, include the Soldier Vote, not yet received by Mr. Baird, or the bulk of the anticipated absentee vote though 44 of the latter ballots are included, 19 for Eyres, 16 for Menzies and 9 for Flowerdew.

What type of government B.C. will get as a result of the election remains in doubt at this hour. The Liberal government which won 31 seats in 1937 apparently has only 19 or 20 seats this time while the C.C.F. have doubled their former representation with 14 and the Conservatives increased to possibly 12 seats. Labor retains its one seat.

The election in this Area proved quiet with about 60 per cent of the voters turning out. The weather was ideal, a lovely autumn day with the exception of fog in the early morning. The fog drew in again at night and there were no public celebrations by supporters.

RE-ELECTED

**FLYING OFFICER LES EYRES** who, subject to the soldier and absentee vote still to be received, has been re-elected as representative of this riding in the B.C. Legislature.

## Pictures Tell Of Great Need For Equipment

**WAR SAVINGS WORKERS SEE AND HEAR STORY OF FIGHT FOR LIBERTY**

More than 100 members of M-S-A War Savings campaign committees viewed new and unusual sound pictures of the World War II and heard an urgent appeal for intensification of War Savings effort when they attended a rally in the High School Auditorium on Monday night. Moving pictures, "The Fight For Liberty" and "Tools of War" and an address by Wm. C. Mainwaring of Vancouver, vice-chairman of the provincial committee, formed the program.

In the first picture the horrors of the ruthless invasion of peaceful countries by the Germans was graphically seen and heard. The need for tremendous quantities of modern war weapons, the purchase of which is the objective of the War Savings plan, if the Nazis are to be beaten at their own game vividly portrayed. In the second picture the audience saw what great strides Canada, U.S.A. and England are making in the race to offset the advance start of the Germans.

Mr. Mainwaring spoke from both provincial and national experience of the War Savings campaign. He declared the War Savings appeal was made in answer to the public's cry for an opportunity to help but that the response was disappointing, only one in ten Canadians loaning funds. The average purchase was also low, only \$7 a year. He contrasted this with the response of the English who, bombed and driven from their homes, and taxed for a compulsory savings plan were also contributing wonderfully to a voluntary plan, one in every four helping and at three times the Canadian average.

The speaker assured the audience that Canada was doing a

### FIRST AID CLASSES

An opportunity for those interested in obtaining at practically no cost training invaluable in time of war and an asset at all times will be provided on Tuesday night, Oct. 28, when a meeting will be held in the Men's Club, Abbotsford, at 8 o'clock for the purpose of forming new St. John's Ambulance classes. It is proposed to provide instruction leading to first and second class certificates. All interested are requested to attend or send their names to the meeting.

## Incubator Now Ready For Use At Hospital

**JUNIOR AUXILIARY GIFT TO M-S-A HOSPITAL IS COMPLETELY PAID FOR**

That the incubator for the nursery at the M-S-A Hospital has arrived and is ready for use, was reported by Mrs. Pat Douglas at the meeting of Junior Auxiliary held Monday evening at the home of Miss Beth Andrews. A little over \$41 was cleared at the dance held in the Orange Hall Friday night and this, along with funds on hand, enabled the Auxiliary to pay for the \$125 incubator in full and still have a small bank balance to start on another objective. Mrs. J. McKee, general convenor, thanked the members and the Senior Auxiliary for their assistance which made the dance a success.

Mrs. Freda Nelson was elected vice-president to succeed Mrs. Walter von Alton (nee Helen Bain) who left during the summer. Mrs. A. E. Barrett represented the Senior Auxiliary and asked for assistance at their annual "Country Store." A committee was appointed to assist the Red Cross in an affair they are planning.

The meeting adjourned to meet on November 17 at the home of Miss Jeanne DesMazes. Refreshments were served by Mesdames K. A. Shore, J. Webster, Fred Sterling and Miss Beryl White. Mrs. Barrett was invited to preside at the tea urns.

### TWO INJURED

Principal sufferers in a series of automobile accidents in the Area during the past week, Wilf Little of the Abbotsford Theatre has been released from M-S-A Hospital where he was treated for broken ribs following an accident Thursday afternoon and Wm. MacBeth of Abbotsford Bakery staff, is still an inmate of the Mission Hospital suffering from a bad gash on the head resulting from an accident on Monday.

### DRILL FOR WATER

At the recent meeting of the Mission village commissioners it was disclosed that the commissioners had obtained an easement on three blocks of land for the purpose of experimental drillings for water.

Canadian refrigerator cars constructed with overhead ice tanks and underslung heating units in use for transport of ag-

### FROM CANADIAN SHIPYARDS

One of Canada's trim corvettes sails out to sea for patrol duty on the Atlantic. Many of these useful craft have been built in the Dominion's shipyards from coast to coast.

## Dental and Prenatal Services of M-S-A Health Unit Show Increase, Infant and Preschool Clinic Held

**PRECAUTIONS TAKEN TO SAFEGUARD AREA FROM PARALYSIS EPIDEMIC; TYPHOID ON INCREASE IN VALLEY—PUBLIC REQUESTED TO BE CAREFUL**

The first case of typhoid fever in the M-S-A Area since August 1934 was reported during the month of September, occurring in a fifteen-year-old school child. No other cases of this infection have been reported in the past four weeks, and it is hoped that the incidence will be confined to this one case.

### THROUGHOUT VALLEY

There has been a definite increase in the number of cases of this disease throughout the province within the past two months. Cases have occurred throughout the Fraser Valley from Steveston to Hope, but so far, in spite of careful investigation on the part of health authorities no accountable source of the infection has been discovered. Milk and water supplies, which always come under suspicion when a case of typhoid appears, have been tested and proven safe. There has been no evidence leading to the discovery of a carrier in the community, but some unproven evidence points to the possibility of infected fish. For this reason the public is asked to be careful in the preparation of fish and fish products for human consumption. When improperly cooked or eaten raw, fish can act as a source of the infection, especially if taken from polluted waters.

The only other communicable disease reported to the health department during the past month was two cases of mumps.

### PRECAUTIONS TAKEN

With the reporting of the schools attention was focused upon the possibility of infantile paralysis developing, particularly since this infection had reached epidemic proportions in the prairie provinces. For this reason persons who had come from the prairies to this area were placed under a quarantine restriction for a period of two weeks. Three children and one teacher were excluded from school at the commencement of the term for this reason.

Infant and preschool clinics were carried on during the month of each of four centres, with a total attendance of sixty-four. Immunizations against smallpox, diph-

(Continued on Page 8)

### ANNUAL PLOWING MATCH POSTPONED UNTIL SPRING

Coun. L. J. Kettle, secretary of the M-S-A Plowing Association, announces that the executive has decided to postpone the annual match, scheduled for early November, until next spring. This decision was reached, Mr. Kettle states, when the field committee reported that no suitable field was available for the event. Due to the unseasonable wet weather experienced during the past two months, most fields convenient of access were found to be in too damp a condition for plowing competition purposes while unharvested crops still stand in other suitable fields. The committee would appreciate an offer of a field for use next spring, however. It is Matsqui's turn to hold the event, staged last year on Sumas Prairie.

## Pioneer Matsqui Couples Celebrate Golden and Silver Weddings; Large Number of Friends Attend Events

**MR. AND MRS. A. C. GUSTAFSON, HERE FORTY YEARS, AND M. AND MRS. F. A. BEHARRELL, MARRIED TWENTY-FIVE YEARS, ARE HONORED**

Many friends and relatives crowded the Lutheran Church Parlor in Matsqui Sunday afternoon to offer felicitations to Mr. and Mrs. A. C. Gustafson on their Golden Wedding Anniversary. The hall looked beautiful and seemed to assume a dignified serenity with the gold and white streamers, golden bells, golden candles and gorgeous gold chrysanthemums. A three-tier wedding cake with white, gold and silver decorations centred the bride and groom's table, and was flanked with silver vases of "mums".

### MATSQUI WINNER

### DOUGLAS SHOGREN

9-year-old son of Mr. and Mrs. Harry Shogren of Gifford with his grade Holstein calf, "Susie", and holding the Chas. Mynor trophy for best calf among nearly 30 exhibited shown at the Calf Club Field Day held at Gifford last month. Members of three junior clubs exhibited their charges and Susie was also best in the "mixed" club. Douglas is in grade 5 at Matsqui Elementary School and his elder brother, Ron, is in Senior Matric at Philip Sheffield High School, Abbotsford.

## Complete Plans For Auxiliary's "Country Store"

**GREAT INTEREST IN BABY INCUBATOR BOUGHT BY JUNIORS**

The regular monthly meeting of the Abbotsford Auxiliary to the M-S-A Hospital was held Tuesday. The president, Mrs. H. E. Cannon was in the chair.

A motion was passed to the effect that future all meetings will begin at half-past two.

Great interest was shown in the new incubator bought for the hospital by Junior Auxiliary. Miss Archibald, matron, explained its operation. The unit is of the latest type and will accommodate two babies. Miss Freda Nelson represented the younger group and gave details of the purchase. She also reported on the dance held recently, and thanked the Senior body for help given on that occasion.

Preparations for the "Country Store", to be held at the Abbotsford Theatre next Monday night, were reported to be in good order, with donations both in goods and money reaching a very satisfactory total. A very good program is planned, with a large number of prizes to be given away.

Refreshments were provided by Mrs. Claude Weir and Mrs. Bruce Wells.

### TENTH ANNUAL CO-OP. DANCE FRIDAY NIGHT

Members of the Sumas Co-operative Association, their friends and neighbors from far and near and all who like to dance will seek relaxation from the cares and worries of elections and delayed harvests at the tenth annual dance of the S.C.A. which takes place Friday night in Whatcom Road Hall. Old-time and modern music will be supplied by the Embassadors Orchestra and arrangements made permit Americans to remain late as the border will be open till 2:30 a.m.

### HERE 40 YEARS

The young-looking couple entered the room to the strains of the wedding march played by Miss Goldeen Sorenson, and the bride was presented with a lovely corsage. Mr. and Mrs. Gustafson were introduced by H. J. Myhre, who touched on their history. Both were born in Sweden, but came to Minnesota where they were married on Oct. 20, 1891. After farming there for 10 years they moved to Matsqui in January 1902, where they pioneered and built the farm and home where they now reside. Of their six children, two survive, Carl W. of Matsqui and Mrs. F. Grant of Vancouver. Arthur A. passed away in 1935. They have 15 grandchildren and two great-grandchildren. Mrs. J. M. Igeland spoke on "Olden Days", and she recalled how she and Mrs. Gustafson with three other ladies were the first to organize the Lutheran Ladies Aid in 1903, and it was through their untiring efforts that the church was built. Mrs. Igeland presented Mrs. Gustafson, the first treasurer of the Lutheran Ladies Aid, with a memory gift from the members, and wished them a happy and peaceful evening of their life.

### MEMBER SPEAKS

J. M. Igeland and Art Rottluff both spoke of Mr. and Mrs. Gustafson's loyalty to the church and to their friends. George Cruickshank, M.P., spoke on behalf of his father, and expressed the fear that the pioneers of today were not of the same quality as those of earlier years. Victor Jensen of Bellingham, brother of Mrs. Gustafson and Frank Sandberg also spoke.

Mr. and Mrs. Gustafson replied briefly and thanked their friends, and said that it was the first anniversary they had celebrated.

### MOVING PICTURES TAKEN

Mrs. O. Sorenson lit the candles and refreshments were served by Misses Ione, Beulah, Arleen and Irene Gustafson, Mrs. Sorenson, Mrs. Duncan of Seattle, Misses Lorraine Hougen, Clarice (Continued on Page Eight)

## Mrs. J. C. Cherry Heads Red Cross At Mt. Lehman

**UNITS MAKE NEARLY THOUSAND ARTICLES IN PAST 12 MONTHS**

A large number of members attended the annual meeting of Mt. Lehman Red Cross Unit held in the school room on Tuesday. Financial and work statements were read and forwarded to the Branch headquarters in Abbotsford. Regret was expressed when the president, Mrs. McAskil, tendered her resignation. Election of officers resulted in Mrs. J. C. Cherry being elected president; Mrs. H. Taylor, vice-president; and Miss Audrey Farber as secretary. The executive committee is made up of Mesdames F. Forrester, D. R. Nicolson, G. Gibson, M. McAskil, Mrs. Nicholson and Mrs. Gibson were asked to serve on a work committee. Refreshments were served by Mrs. Geo. Savitsky, assisted by Mrs. James Simpson. The next meeting will be Tuesday, Nov. 4.

Work accomplished by the unit during the past year includes: 163 sweaters, 21 pr. mitts, 246 pr. men's socks, 7 hospital gowns, 12 sheets, 146 khaki handkerchiefs, 22 pr. men's pyjamas, 21 women's night dresses, 18 hankies, 188 pillow cases, 11 women's knickers, 6 combinations, 20 children's nighties, 15 boys' shirts, 12 boys' pyjamas, 4 girls' dresses, 9 dressing gowns, 8 baby blankets, 16 laundry bags, 2 babies' knitted jackets, 2 pr. booties, 1 pr. girl's socks, 33 children's sweaters, 33 women's serge skirts, 24 surgeon's towels, 2 boys' serge pants, 1 man's shirt, making a total of 988 articles.

### Now All Will Know that Canada is at War

We asked for an all-out war effort and we are getting it. There can be no kick with the principle of the Wartime Prices and Trade Board regulations announced at the weekend. At the least they will make almost every citizen realize that we are at war; not just that Canada is at war but that, Canada being at war, means each and every one of us living in Canada is at war and has a contribution to make to ensure the successful outcome of the war. There can be no kick because the new regulations possibly go farther than other countries have gone. Far better we go farther now and continue to enjoy skies free from the pitiless bombers than have to make the step under such attack later. As far as labor is concerned it better recognize the handwriting on the wall and realize that the people as a whole, through their government, have spoken. The people of Canada are obviously not impressed with the selfish motives inspiring that section of labor in Canada that is so unfortunately led by an element copying if not directed by foreign organizations. Canada realizes that the majority of its men and women engaged in the essential industries are true blue but also knows that, being human, there are frail ones who will succumb to the preachings of false leaders. The new rulings will help protect the majority from machinations of these leaders of the minority and will thus preserve for legitimately organized labor the opportunity to continue toward its rightful destination after the present threat to such freedom of opportunity has been eliminated. Canadians will accept the new regulations for what they are—necessary under present circumstances to preserve the safety and future of us all. Canadians will tighten their belts, square their shoulders and carry on.

### Every M-S-A Citizen Will Do His Part

Frankly we were not impressed by Mr. Wm. C. Mainwaring's address Monday night to the War Savings workers of the M-S-A Area. Mr. Mainwaring may be the vice-president of the Provincial War Savings Committee and no doubt he knows whereof he speaks having been a contributor to the national committee. Nevertheless, the moving pictures presented to the meeting were of far greater encouragement to the workers than was his address. He issued an indictment of the per capita loan by Canadians, as a whole, to the War Savings plan. We are not prepared to accept that indictment as applicable to the farmer citizens of the M-S-A Area. This Area has contributed something over \$40,000 in 1941 to date to War Savings and will later as a result receive a return of over \$50,000 in time of need. It is true that this figure, divided by the approximate 7000 population of the Area represents possibly \$1 less than the per capita average per Canadian of which he was justly so critical. We will admit that the speaker was right when he declared that "the most an individual can contribute is the least that he should contribute" but we will declare that this average by a farming community is a splendid beginning, under the conditions that have existed in such communities. We are confident, however, that the M-S-A will rally to the appeal for an "intensification of War Savings effort" as Mr. Towell, the Area War Savings Committee chairman, termed the new campaign. We are confident that, inspired by the message of the eye-witness pictures, the M-S-A War Savings workers will go forth with new zeal and secure new converts to the War Savings ideal. We are confident that more people in this Area now realize the great need of loaning funds to the War Savings plan and that this Area will endeavor to put its new objective in terms of Fighting Equipment for the Forces over the top by as great a margin as it has pushed its early 1941 quota over the top.

### On The Plateau

Sobered by Commander Gort's report on the ill-fated Battle of France and his warning that we cannot hope, on the mere heroism of our men to stem the Nazi tide unless we equip our men better even than are the Nazis, perhaps we are ready to harken to the masterly summing up of the situation by an outstanding American journal. We have heard in recent weeks, as a result of the ill-conceived election thrust on British Columbians, a great deal of nonsense—mostly consisting of alibis for failure by all parties to support an all-out war effort. We should now be prepared to give considered thought to the difficult pathway that lies before us. The very title of the editorial to which we refer and reproduce below, "On the Plateau", does not give us false encouragement but only pause to rededicate ourselves to the essential effort.

"Prime Minister Churchill's assurance to Britain that, 'We have climbed from the pit of peril on to a fairly broad plateau', still leaves it clear that years of hard struggle may yet be ahead in the fight against aggression.

"Few reports could be more cheering than the news that British and Allied sea losses have been cut during the summer to a third of their former proportions. This shows that the effectiveness of German submarine wolf packs is not at all what Nazi propagandists have vaunted it to be. It also gives reassurance that American munitions and supplies can be delivered; the obligation is all the greater now to produce them in enormous and continuing volume and to help patrol the sea lanes by which they are to reach the fronts.

"That word 'fronts' reminds that there are now two, or rather, three, battle areas to be supplied—Britain itself, the eastern Mediterranean front, and the Russian. On the maintenance of this last front, as Mr. Churchill emphasized, literally epic decisions rest. To keep Russia in the field, he called upon the Britons for utmost sacrifices. That responsibility rests upon America, too. Every bit of equipment that can help Russia hold the Donets basin or her window on the Baltic should be rushed there.

"But Mr. Churchill did wisely to point out that German land power still is tremendous. The number of Nazi divisions mobilized and equipped is still so great that if they could turn their attention away from the Russian front, an attempt at invasion of Britain or an overrunning of Spain and northern Africa would not be at all out of the question. For this reason, much as one would like to see succor sent to the restive millions under the Nazi heel on the Continent of Europe, military men must be patient and cautious about attempting to establish a bridgehead there.

"The forces of international law and order have come out of a valley on to a plateau, but they must be prepared for a long, hard climb before the peaks of victory can be reached."

With intensified speed Canada goes full-out on the war.

## CANADA'S WAR EFFORT

A weekly review of developments on the Home Front.

Wartime Prices Board imposes restrictions on installment buying. Down payment on wide range of articles from radios to engagement rings must now be at least one-third of total cash price, with balance paid in less than twelve months. For passenger automobiles, down payment of fifty per cent required with balance paid within twelve or eighteen months, depending on cash value of sale. Purpose: To put brake on rising prices; conserve materials for war industries.

First two of 150 freighters ordered built in Canadian shipyards for British Government launched one in Montreal the other in Vancouver.

National War Service regulations amended to broaden powers governing effective use of manpower for successful prosecution of war.

Canadian industrial employment at all-time high. Unadjusted employment index of Dominion Bureau of Statistics at 160.6 on Aug. 1, an increase of 25.6 per cent over Aug. 1940 and 36.2 per cent above that of Aug. 1939, the last peace-time month.

Joint Economic Committee of Canada and the United States, meeting in New York, considers most effective way to provide food for Britain from North America. Machinery established to prevent leakages of strategic defence materials.

Total value of contracts placed and commitments made by Department of Munitions and Supply from July 14, 1939, to Sept. 30, 1941, total \$2,578,186,768.

Identifying badges to be issued a) to men honorably discharged from the navy, army and air force after service in the present war, (b) to those who have unsuccessfully offered themselves for enlistment.

Canadian airmen join with British in air attacks on Nazi occupied Norway and France.

Canada's output of gold in July totalled 456,650 fine ounces compared with 453,987 in the previous month and 457,330 in July 1940. During first seven months of 1941, output aggregated 3,092,896 fine ounces compared with 3,033,310 in corresponding period of 1940.

Consumption of meats in Canada during 1940 estimated at 122.3 pounds per capita, increase of almost four pounds over 1939. Increase due largely to gain in consumers' purchasing power.

### Do You Remember? Fifteen Years Ago In the M.S.A. Area From the A. S. & M. News of October 20, 1926

Mr. and Mrs. H. Peachey entertained at a radio dance in their home recently. In the interval of dancing Mrs. Frank Thompson gave a recitation and Mrs. Mat Stirling, a solo.

Matsqui Game Protective Association has at least 150 active members participating in the organization this year.

W. S. Hill-Tout shot a large brush wolf near his farm at Pop-

lar a few days ago. The animal weighed over 60 pounds.

The Dempsey-Tunney world's championship fight is announced at the Abbotsford Theatre screen this week.

Vera Bedlow and Sidney Swift represented the affirmative and Marjorie Green and Kenneth Plowright the negative in the debate "Is Social Life Necessary to the Human Being?" The judges decided in favor of the negative.

"Ladies night" at the Men's Club was enjoyed by some 200 persons, including the Kilgard Men's Club. Prize winners at cards were Mrs. H. MacNeill, M. Switzer, Mrs. Ralston and G. Trussell.

### New Canada Year Book Just Out Has 1000 Pages

The 1941 edition of the Canada Year Book, published through the office of Hon. James A. MacKinnon, minister of trade and commerce, is now available for distribution and copies may be obtained from R. H. Coats, Dominion statistician, Dominion bureau of statistics, Ottawa. The price is \$1.50 a copy and covers merely the cost of paper, printing and binding. By a special concession, a limited number of paper-bound copies have been set aside for ministers of religion, bona-fide students and school teachers at a price of 50c.

Canada Year Book is the official statistical annual of the Dominion and contains an up-to-date account of the natural resources of the country, its institutions, trade, transportation, finance, education. In fact, it is a comprehensive study of social and economic conditions. The book contains over 1000 pages and gives a picture in figures of the progress that Canada has made since the first census was taken in the Dominion in 1871.

### 30-YEAR-OLD PAPER RECALLS BOOM DAYS

A copy of The Vancouver World (now merged with The Vancouver Sun) of January 9, 1911 was discovered when an old building was razed next to the Abbotsford Theatre recently to make room for a new business block. Principal news feature on page one concerns charges against Mayor Taylor in an apparently hectic civic election then in progress. Inside the issue are pages of advertisements indicating the real estate boom of the period was in full swing. A 5-column ad offers 20 acres in the Chilliwack Valley for \$2000 cash or \$2500 on terms. It is reported that Premier McBride and Lieutenant Governor Paterson have been invited by King George to attend coronation ceremonies in London in June and that both will be knighted while abroad. From Berlin Kaiser Wilhelm is reported to have spy fever. Butter sold at 3 lbs. for \$1 and granulated sugar at 18 lbs. for 90c, apples from 5 to 8 lbs. for 25c and \$1 a box.

Experiments are being conducted in Britain on the powdering of fruit in an effort to save bulk storage according to the Agricultural Department of the Canadian National Railways. Product can be converted into a puree of any desired concentration by the addition of the required amount of

Food progress is reported from the Dominion Rust Research Laboratory, Winnipeg, in the production of oats resistant to stem rust, crown rust and smut.

water, while the pectin content is ample to form a firm jelly when the powder is diluted with water and sweetened with sugar. Another advantage is that the product will keep over a long period. So far the tests have been with plums.

Five Hundred Guests Honor  
Huntingdon Couple Following  
Wedding in Anglican Church

MOLNER - PALASTY

One of the prettiest weddings of the Fall season took place on Sunday, Oct. 19, at 4:45 p.m. in St. Matthew's Anglican Church when Elizabeth, second daughter of Mr. Palasty, and the late Mrs. Palasty of Weyburn, Sask., became the bride of Michael Lawrence, third son of Mr. and Mrs. Michael Molner of Huntingdon. Rev. H. U. Oswald of Mission was the officiating clergyman.

Before leaving for the church, the bride entered the home of her brother, Steve Palasty, where she was met by the groom. The traditional Hungarian ceremony of the bride bidding farewell to her family took place with Alex. Molner acting as Master of Ceremonies. Following this ceremony a long procession of cars followed the bridal couple and their attendants to the church.

The bride made a beautiful picture in white mist net with lace over her floor-length gown of taffeta. Her veil was caught to her hair with a wreath of orange blossoms and seed pearls, and she carried a bouquet of white rose buds and lily of the valley with long satin streamers tied in lovers knots.

Two of the four bridesmaids, Anna Molner and Margaret Paul, were frocked in heavenly blue georgette with bows of pink velvet on the floor-length skirts, and Helen Zomar and Irma Herperger wore the same style of gowns in pink georgette with wreaths of pink and blue flowers and net in their hair. All four carried sheafs of pink carnations and baby breath. Three little girls, Betty Palasty, Helen Risko and Ethel Palasty made attractive flower girls. Betty and Helen were dressed alike in pink organdie with white flowers in their hair, and they carried pink and white chrysanthemums. Little Ethel looked very sweet dressed in white organdie carrying a basket of sweet peas.

The groom's attendants were A.

Molner, Bill Palasty, Mike Matty and John Boobius.

After the ceremony a reception was held in the Magyar Hall which had been beautifully decorated with pink and white and centred with a large white wedding bell. The bride's table was centred with a three-tier wedding cake with tall white tapers and pink and white chrysanthemums. The groom's birthday cake also adorned the table. When the bride and groom were seated at the table Mrs. H. E. Beetstone sang "I Love You Truly". A real Hungarian feast then took place with a hot chicken dinner served to approximately 500 guests. At 12 o'clock the wedding march was played and the bride and groom led the grand march which was followed by the bride's dance.

Later the young couple left for their wedding trip to Victoria, and on their return will make their home in New Westminster.

## DELESALLE - FORTIN

A marriage of interest to many in this district was that solemnized recently in Saskatoon of Henri Pierre Delesalle of Saskatoon, RCAF, second son of Ex-Gunner Louis Delesalle and Mrs. Delesalle of Saskatoon and formerly of Abbotsford, and Jacqueline M., daughter of Mr. and Mrs. Michael Fortin, also of Saskatoon. Nuptial mass was celebrated in St. Paul's Cathedral by Rev. Father John Lockwood, formerly of Vancouver.

After a short wedding trip the bride and groom will proceed to Lethbridge, where the groom is at present stationed.

SALVAGE MATERIALS

YOUR bomb may "hail" Hitler.  
—Buy War Savings Certificates—\$24 REALIZED AT  
ST. MATTHEW'S TEA

St. Matthew's W.A. tea, held at the home of Mrs. G. F. West on Thursday afternoon, realized nearly \$24. The home cooking table was popular and arrangements were in charge of Mrs. E. Webster. Mrs. M. M. Shore presided at the tea urns from a table which was centred with a bowl of chrysanthemums.

SHOWER HONORS  
BRIDE OF SUNDAY

A pleasant afternoon was spent Wednesday at the home of Mrs. H. E. Beetstone when a miscellaneous shower was given in honor of Miss Elizabeth Palasty. The rooms were prettily decorated with pink and white streamers and vases of pink and white chrysanthemums. On entering the room a corsage of white chrysanthemum and pink snapdragon was pinned to the bride-elect's shoulder.

A large box filled with lovely gifts was drawn into the room and presented to the honored guest. Two contests were played and high scores were won by Miss Agnes Fraser and Mrs. Richie Crouter, while consolation went to Mrs. Yarwood.

Delicious refreshments were served with Mrs. P. Dawson and Mrs. Allan Crouter assisting the hostess.

HUSBANDS' EVENING  
PLANNED BY LADIES

Mrs. F. Aish and Mrs. A. Hougden entertained jointly, the members of the Sumas Prairie Social Club at the Aish home, on Thursday afternoon. Mrs. Hougden presided during a short business meeting and it was decided to hold a husband's social evening on November 7. The sum of \$1 was voted for M.S.A. Hospital Auxiliary to be donated to "The Country Store." Members were reminded of the change of W.I. meeting, which will be at the home of Mrs. A. Hougden, October 30. Prize winners in the two interesting contests were: 1st, Mrs. T. DeLair and Mrs. W. Buchanan; 2nd, Mrs. Stafford and Mrs. T. York. The November meeting will be with Mrs. J. Watson at Kilgard. Refreshments were served at the close.

MISS RENNIE IS  
GUEST OF HONOR

A miscellaneous shower was held in the Glenmore school on Saturday afternoon in honor of Miss Nancy Rennie, October bride-elect. The room was tastefully decorated with pink and white streamers and the tea table was centred with a miniature wedding cake, the gift of Mrs. H. Shogren. The guest of honor was seated in a chair which was tied with pink and white bows. Many useful gifts were placed before her in a basket decorated with colored ribbons.

Tea was served to about 69

Four dollar bills add up to five dollars . . . when you buy War Savings Certificates.

And it isn't just ordinary saving, either. Your money buys war weapons of some kind. It helps to stop the enemy. It helps to shorten the war. And after the war, you'll get back five dollars for every four dollars you invest.

So your dollars will be doing two things. They'll help to win the war and they'll help to provide a nest-egg for yourself.

G. Trussell visited in Victoria during the weekend.

Mrs. Herb. Jones has her sister visiting her from Seattle.

Word has been received that Bob Short, RCAF, has arrived in England.

Ordinary Seaman Harry Walker is spending a few days leave at his home this week.

Miss Violet Clement of Vancouver is spending a few days with her sister-in-law, Mrs. D. Clement.

The A.Y.P.A. will meet on Tuesday, Oct. 28, in the Parish Hall at 8 p.m. Mr. Butler will speak on the History and Development of The Church Army, and the meeting is open to all members of the Church.

Miss Frances Burton, daughter of Mr. and Mrs. J. Burton, is attending Western Washington College in Bellingham, Wn.

Miss Hazel White was inadvertently omitted from the list of those who successfully passed their Registered Nurse examinations in Vancouver.

Mrs. Geo. Grant, attended the wedding of her son George to Miss Agnes MacKinnon in Vancouver on Monday evening.

G. E. W. Clarke, Jack Peers and Len. Zink attended a meeting of the Canadian Society of Technical Agriculturists held in Vancouver last week. Films were shown on the Overseas transport of agricultural products and on commercial livestock production under modern range management.

### GRANT - MacKINNON

On Monday, Oct. 20, at 8 p.m. Agnes MacKinnon, only daughter of Mrs. Dougall of Vancouver, was united in marriage to Signman George C. R. Grant, eldest son of Sgt. and Mrs. G. C. Grant of Abbotsford.

Major Jackson officiated at the ceremony which was held in the Chapel of the Vancouver Barracks. Given in marriage by Cpl. E. Dayton, the bride looked lovely in a gown of white satin with a Mary Queen of Scot head dress and a fingertip veil. She carried a bouquet of pink and white carnations.

The bride's only attendant was Miss Kay Dobrich who wore mauve net with a corsage of pink and white carnations. L/Cpl. Wes. White of Abbotsford was best man.

Following the ceremony a reception was held at the Cave for the immediate friends and relatives.

After a short honeymoon the groom expects to leave for Eastern points.

### USHER - McCORRY

A quiet wedding was solemnized on Saturday, Sept. 20, at the home of Mrs. C. B. Gilchrist when Mrs. Nellie McCorry, sister of Mrs. Gilchrist, and George Usher, all of Matsqui, were united in marriage. Rev. A. C. Gay of Vancouver, formerly of Clayburn, was the officiating clergyman.

## M.S.A. BRANCH Red Cross Headquarters NOTES

(Contributed)

### WORKERS

The work committee is appealing for more workers in the local work rooms, also for the loan of sewing machines. Sewers need not be experts—anyone who can sew at all can be useful, and incidentally learn a lot from those in charge of the work.

### BLANKETS

A second appeal, similar to that of last year, is being made for new or "as good as new" blankets and new quilts for shipment to England this winter. A suggestion is being made that anyone desiring to donate new blankets, as so many did in answer to the last appeal, give money instead as each \$2 will purchase a blanket if bought through the Red Cross.

### CARNIVAL

Watch for details of this event—plans for which are rapidly taking shape. Anyone having small articles which can be used in fishponds, house-housie, etc. please get in touch with the local committee.

### Births at M.S.A. Hospital

OCT. 21—To Mr. and Mrs. R. Bruce Carrick of Abbotsford, a daughter.

## New Licensing Regulations Anticipate Speedy Stock-Take; Price-Policing if Necessary

### All Merchants Large and Small Required to Secure and Display License and Blue, Gold, Window Sticker; Most Farmers are Exempt

Ottawa, Canada.—Departmental and country general stores, large hotels and soda bars, manufacturers and auctioneers, every person and firm in Canada manufacturing or dealing in food, feeds, livestock, poultry, yarn, cloth, clothing or footwear must secure a licence from the Wartime Prices and Trade Board by December 1 of this year.

After that time, no unlicensed person or firm may buy for resale handle or sell any of those commodities.

#### 200,000 FIRMS

More than 200,000 businesses are affected by this vast plan to set up the machinery necessary for policing prices and for securing speedy reports on available supplies in the event of wartime shortages. In the M-S-A area, it is expected that over 100 persons and firms will soon be displaying on the door or window of their place of business the attractive gold and blue certificate which shows that they have obtained their wartime licence.

There is no licence fee. Licence application forms will be distributed through the mail late this month and any businessman who is subject to the licensing order and does not receive an application form should apply for one at his post office. At the post offices copies of the complete licensing order will be available also. To facilitate further the introduction of the licensing plan, the Wartime Prices and Trade Board is appointing nine regional licensing directors, one for each province. Individuals and firms who, after consulting the text of the licensing order, are still not certain on all points, should communicate directly with their Regional Licensing Director.

#### EASY TO COMPLETE

Licence application forms are easy to complete. At the top are spaces for the filling in of the name, address and official position of the applicant. Beneath these particulars is a list of classes of business and commodities named in the licensing order. All the applicant need do is place a check mark beside his type of business and the kind or kinds of commodities he buys for resale, handles or sells.

Applications of persons conducting more than one place of business must be accompanied by a list showing the address of each establishment. If these places of business carry different legal names, separate applications must be made out for each under its own name.

"Licence cards and window transfers will be supplied to all whose applications are received and accepted," said Mr. Morphy, "and the display of this transfer on the window of an establishment will not only serve as an indication that the firm is licensed but will also show the public that the licensee is cooperating with the government in its effort to avoid unnecessary increases in the cost of living."

#### BLUE LICENCE

The first licence identification card will be light blue in colour and will expire on March 31, 1942. It will carry the licence number allotted to the applicant in the upper right hand corner. At the left is a space for the signature of the holder. This licence identification card will be mailed to each licensee along with his window certificate.

Each licensee will receive a number which he will retain from year to year, provided the name of his firm is not changed or his licence cancelled by the Board. After December 1, when any of the commodities named in the Licensing Order are bought for resale, both the seller's and the buyer's licence numbers must be marked on the sales slip, invoice, or other document which records the sale.

Licences and window transfers will be renewed every six months. It will not, however, be necessary for the licence-holder to apply for a new licence because he will automatically receive one by mail at the end of every six-month period. These periods expire on the last day of March and September.

#### LICENSING ORDER

Under the Board's Licensing Order the following classes of persons, firms and corporations are required to secure a licence by December 1, 1941:

"Every manufacturer, process-

#### LICENSING DIRECTOR

C. R. MORPHY

Director of Licensing under the Wartime Prices and Trade Board. All persons manufacturing, handling or selling foods, feeds, clothing or footwear, must secure a licence before December 1st, 1941.

or, blender, packer, importer, exporter, wholesaler, jobber, retailer, manufacturer's agent, broker, commission merchant, auctioneer, warehouse operator, cold storage plant operator, co-operative buying organization, co-operative marketing or selling organization, producer who buys and sells the products of others, drover, huckster, or other person who buys the products of agriculture for re-sale, custom tailor, shoe-repair shop operator, public eating place operator, or other dealer, who buys, sells, stores, ships, transports, distributes or otherwise deals in food products, aerated or mineral waters, mill feeds, feeds for livestock or poultry, clothing, headwear, yarn or cloth of cotton, linen, wool, silk, artificial silk or rayon, wool or cotton blankets, fur goods, hosiery, footwear, or boot and shoe findings."

#### REPORT CHANGES

Licence holders will be required to make reports if and when required by the Board. They must also notify the Director of Licensing in writing of any change in name, address, ownership or character of the business within 10 day of the change. Failure to do this, or failure to perform such other acts as may be required by the Board, will result in the suspension of the licence.

The term "public eating place operator" applies not only to restaurant keepers, but also to railways, steamships, drug store and hotel proprietors if food is served in their places of business. Any person or firm who sells food, even if it is only chocolate bars, is subject to a licence. If, for example, a department or novelty store operates a cafeteria, lunch counter, soda bar, or dining room, the store should be listed on its licence application as operating a public eating place in addition to its classification as a retail merchant. Public eating places, on the other hand, which sell some fruits, vegetables, or groceries, will not be required to list themselves as retail merchants. But in the licence application form, they must put a check mark opposite the various supplementary lines which they handle.

#### FARMERS EXEMPT

Only group exempt from the far-reaching plan are those who serve as the fountain head for the nation's eating and clothing needs—the producers themselves. A farmer may sell his own eggs or butter or vegetables without a licence and a sheep rancher may sell his wool.

While an individual farmer, gardener, livestock or poultry producer, or fisherman is not required to secure a licence unless he buys for resale, all cooperative buying selling, or marketing organizations hucksters or drovers, who, on their own account, buy for resale or handle the produce of any primary producer, must obtain a Wartime Prices and

Trade Board licence.

An example of how the licensing regulations cover the handling and sale of foodstuffs and clothing is shown in the provisions covering warehouse and cold storage plants. After December 1, persons who are subject to the Licensing order may not store any article of food, feed, clothing or footwear until they have secured a licence, and no warehouse or storage plant operator will be permitted to accept such commodities unless the number of the storer's licence is marked on the document recording the acceptance. None of these commodities can be withdrawn from cold storage or a warehouse for resale unless the person making the withdrawal is licensed by the Board and unless the document recording the release carries his licence number. All warehouse and cold storage plant operators must, of course, themselves be licensed.

#### POLICING EFFORT

"These licensing requirements are not designed to curtail business operations," pointed out C. R. Morphy, Director of Licensing. "By having every person who in any way handles the commodities named in the order under the licence, the Board will have the machinery with which to make speedy checks on available stocks and to police more effectively any price fixing order which may be instituted."

Individual persons storing small quantities of the commodities named in the licensing order strictly for their own use, are not required to obtain a licence. If these stored goods are, being kept

## Price and Pay Code

Here, in general terms, are the new regulations and orders involved in Canada's wages and price control program.

- 1 On and after Nov. 17, 1941, no person may sell goods or supply any of a wide range of services at a price or rate higher than the maximum charged by him for such goods or services during the four weeks from Sept. 15 to October 11.
- 2 Henceforth no employer in Canadian industry or commerce may, without permission, increase his present basic wage rates.
- 3 After Nov. 15, 1941, every employer will be obliged to pay a cost-of-living bonus under terms specified by government order based upon the cost of living statistical index.
- 4 The government will make supplementary payments to farmers in the spring wheat areas of Western Canada on the basis of their cultivated acreage as defined under the Prairie Assistance Act.
- 5 Eastern Canada farmers will be assisted by payment by the federal government of all freight charges on feed grain and other feed shipped from Fort William or Port Arthur to Ontario, Quebec and the Maritime provinces.

for resale, their owner must secure a licence.

#### EXPERIENCED DIRECTOR

Before his appointment to the office of Director of Licensing C. R. Morphy was in charge of the plan which has already brought Canadian dealers in coal and leather under licence to the Wartime Prices and Trade Board. He served in the last war as lieutenant with the Canadian Field Artillery and was later associated with the licensing of the Canada Food Board.

Help Win the War. Buy War Savings Certificates!

An electric milking machine is the soundest kind of investment for the dairy farmer. In various ways, an electric milker pays for itself and helps build up the profit account for its owner. Many farmers have increased their herds since installing an electric milker because it enables them to milk more cows with less work, in less time, and at less cost than hand milking. Others use the time they save to do other profitable farm work. Ask your B.C. Electric agricultural representative about electric milking. Allow him to point out its great advantages to you. Ask him to tell you of the hundreds of other Valley farmers who have already installed electric milkers. Then install one yourself. Know what it means to milk standing up.

Sack of dairy feed kindly donated by Buckersfield's Ltd. to the highest cow goes to C. H. Beldam's cow, Cissie with 567 pounds fat.

D. S. HEELAS, Supervisor.

**GETS NEW POST**

E. P. Taylor of Toronto, has been named to the newly created post of chief executive officer of the British Supply Council in North America. Mr. Taylor is now in England.

**BERT FARR SHOOTS LONGEST PHEASANT**

Results of the contest for the largest and smallest birds Monday evening at the Ridgedale Rod &amp; Gun Club were: for the longest pheasant, first to Bert Farr, length 36 1/2 inches, and second to Archie Conroy, length 35 1/2 inches. The only others judged were the small ducks which went to Ollie Fore with a 9 oz. bird.

**TEST 24 HERDS**

During September, twenty-four herds were tested on standard plan in Whatcom County, with a total enrollment of 783 cows, says Louis E. Mikota, assistant county agent in dairying. High herd honors went to the purebred Holstein herd of Ralph Van Dyk of Lynden. The 41 head averaged 1,173 pounds of milk and 37.0 pounds of fat per cow.

**CATTLE EXPORTS RISE**

Livestock exports from Canada to the United States from January 1 to October 2, 1941, comprised 105,619 head of beef cattle, 14,977 dairy cows, 56,408 calves, and 34,032 hogs, representing an increase of 15,120 beef cattle, 14,977 dairy cows, and 33,853 hogs, and a decrease of 8,053 calves, compared with the corresponding period of 1940.

**MEAT IMPORTS**

Imports of meat into Canada for the first eight months of 1941 comprised 689,363 pounds of beef; 125,314 pounds of bacon and ham; 3,331,396 pounds of pork; 2,012,184 pounds of mutton and lamb; 4,552,083 pounds of canned beef; and 35,335 other canned meats; 1,632 pounds lard, and 94,203 pounds of lard compound.

**SWEET CORN VARIETIES**

Dorking, Dorick, and Sungold sweet corn varieties originated by the Division of Horticulture, Dominion Experimental Farms Service, are reported to be outstanding for vigour of plants, size of ears, and tender kernels. In addition, they mature very early.

**TIMELY TIPS**

by a

Bradner Gardener

**VEGETABLE GARDEN**

Cress—Make the last outdoor sowing now.

Onions—Look over those stored and remove damaged tubers.

Potatoes—Store as soon as possible in root house.

Garlic—Can be planted in a warm place on ridged ground for early use.

Most kinds of apples and pears will be fit to gather this month.

Gather cuttings now of gooseberries and currants.

Make fresh plantations of raspberries and strawberries.

—T. Preece

**OUR FOOD SUPPLY**

WRITTEN SPECIALLY FOR C.W.N.A. NEWSPAPERS

By JOHN ATKINS, Farmer-Journalist

No. 3—THEY ARE BOTH WRONG

City people who have never lived on farms, and farm people who have never lived in cities, have queer ideas about each other. Town people are more fortunate. They know farm people and farm people know them. They understand each other. They attend the same churches, belong to the same lodges and meet and work together in the Red Cross and other patriotic and charitable organizations. They live and work together and trade with each other personally.

There would be no farm problem such as we have today if town and country people had been left to solve it. But Canada has grown some big hungry cities and the people in these cities have a lot more to say about national policies than they ought to have. They have organizations for everything and these organizations are so busy promoting their own interests with governments that carry a great deal more weight than their size and importance warrants. Town and farm people are just waking up to the fact that they need to be heard at Ottawa, too, if everyone is to get a square deal.

"The squeaking wheel gets the most grease" is an old farm axiom that seems to have been adopted by some of those who are heard above the din of war in the offices of government.

Organizations have changed the business of democratic government until the civil services seem to be divided between the takers-in and the givers-out. The "duty of the takers-in" appears to be to take from those who protest the least and the duty of the givers-out to give to those who yell the loudest.

In the past, city people have asked too much from governments and have received too much. Rural people have asked for little, pro-

tested too little, and have lost out to the cities. They have both been wrong. All have been harmed. Today farmers are organized across Canada and town people are giving their sympathetic support to the Canadian Federation of Agriculture in the sure knowledge that whatever is done to restore the balance between farm and urban earnings will benefit every town in Canada—every person in Canada.

Even in personal impressions, which make or mar goodwill city and farm people who do not know each other's problems are growing apart to their common harm.

City people who do not know farm life make farm people mad. They think farm people are to be pitied—that it is too bad that farmers have to work so hard for so little compared with their high city earnings. Something ought to be done about it, they think—something like holding a few bridge parties, or a tag day, to help farmers. They are surprised and hurt when farmers blow up and demand justice and fair play.

All the farm people want is fair prices and they are going to get them because only by paying fair prices for food can city people continue to get it. Farmers must have enough to pay their cost of production and to carry on. They are beginning to get it and when food prices get up in line with city earnings there will be a sound balance between city and country in Canada. Maximum food production will then be attained because agriculture's fair share of war workers will help to produce war food.

It is a mistake to look for war prosperity. There will be shortages of civilian goods, particularly luxuries. There are already shortages of some foods, but we can produce our needs in munitions and foods if a proper balance is struck between urban and farm earnings.

**OFFICERS ELECTED****BY TESTING ASS'N.**

James Reilly was elected president of the Standard Plan Dairy Herd Improvement Association at a meeting of the board of directors at Lynden, Wn.

Francis Zweegman was named vice-president; Jack Hills, secretary-treasurer; and the other two directors are E. B. Jacobson and Nick Roorda.

During the meeting, it was decided to purchase some testing equipment for the tester, Louis Mikota, and to provide a new chassis for the trailer house which Mr. Mikota uses for testing.

**AUCTION PRICES****REMAIN FAIR**

Prices were fair except weaners and calves at the Dennis Auction sale on Saturday. Top cow sold for \$92, and other fresh cows ranged from \$40 to \$87.50. Young stock sold from \$6.50 to \$35; beef cows from \$20 to \$55, bulls from \$33 to \$47 and calves from 25c to \$11.25. Butcher hogs were sold from \$16.50 to \$18.25, feeders went for \$13.25, small feeders from \$6.50 to \$6.70 and weaners from \$2 to \$4.25. Horses ranged from \$19 to \$57.50. Poultry prices were from 25c to 85c.

**TOBACCO MARKETING OUTLOOK FAVORABLE DESPITE BIG CROP**

The first estimate of Canadian tobacco production in 1941 shows a total of 74,875,700 pounds, or 13,739,600 pounds more than in 1940. The 1941 crop was produced on 69,140 acres. There is only a small carry-over into the new crop year of unsold tobacco from the 1940 crop and the marketing outlook for all types is favourable. Arrangements have been made with the United Kingdom Board of Trade for the shipment to Britain of eight million pounds of unmanufactured Canadian tobacco.

**ROSES HEAVY FEEDERS**

One point to remember in the fall work in the rose garden is that rose plants require heavy feeding to produce an abundance of fine bloom in the following year. Well-rotted cattle manure is perhaps the best fertilizer to use. The manure should be placed in the trenches made between the plants after they have been hilled up for winter protection. This treatment is also valuable in protecting the roots against heavy frost.

## THE NEWS

## More Farmers Vote to Join Dairy Union

WILL PRESENT BRIEF  
TO GOVERNMENT; ASK  
FOR HIGHER RETURNS

Committee members of the Sumas founding unit of the Dairy Farmers' Unit report more than 75 per cent of local independent dairy farmers signed up on the organization's program to secure better returns for their product.

A meeting at Chilliwack on Monday night was attended by 40 to 50 independent farmers and while it did not favor the November 1st deadline for the higher return to be provided by the distributors it endorsed the much-publicized Sumas resolution in principle. The meeting voted to organize an affiliated union in the Chilliwack Valley.

Effect of the Dominion government's new price-regulating orders is not entirely clear in farming circles but general opinion is that the farmer is not included and will have to fend for himself.

At the Chilliwack meeting a committee was appointed to draw up a brief along with representatives of other branches to be presented to the government, or any price-fixing agencies, asking higher returns.

Reeve Alex. Houghton of Sumas presented a review of the situation, and Harry Jackson of Chilliwack was chairman.

## WAR SAVINGS

(Continued from Front Page)

great job and one that she can be proud of but more is necessary and every citizen must realize that the fight is his individually. With a war on there is only one quota, he said: "The most each one can do is the least he can do."

H. S. Andrews, president of the Board of Trade, opened the meeting turning what would have been the regular night of the board over to Inspector A. S. Towell, chairman of the M-S-A War Savings Committee who presided and introduced Mr. Mainwaring.

## DENTAL SERVICES

(Continued from Front Page)

eria, and whooping cough were carried out at these clinics, twenty children receiving these protective injections.

## PRENATAL ADVICE

Prenatal and postnatal services showed a definite increase during the month, when fourteen visits were paid to prenatal cases and sixteen visits to postnatal cases. This service is designed to give the mother advice and instruction that will enable her to maintain good health. It serves as a supplement to the advice given by the family physician and therefore, requires co-operation between the practitioner and the public health nurse. More and more attention is being devoted to the development of this service which should show a marked increase in the near future.

## DENTAL CLINICS

A change in the dental service has been made to accommodate the younger school aged child and the older preschool child as announced in an article appearing in The News two weeks ago. An attempt was made to discuss this change with as many of the parents as possible at meetings of local community groups. Four such meetings were addressed last month and more this month. Letters have been forwarded to the parents of those children more directly concerned asking for their co-operation in making the dental service a success. The change in the program has been completed and the clinics commence this month.

## HUNTINGDON ROBBERY SUSPECT PLEADS NOT GUILTY: TRIAL OCT. 30

Carl Anderson, facing charges of burglary and theft, elected for speedy trial and pleaded not guilty in county court at New Westminster on Friday. Trial was set for October 30.

Evidence at the preliminary hearing was that Anderson had worked and lived around Huntingdon. On September 9 he disappeared and William Owens, with whom he had lived, missed a \$12 watch and about \$12 in cash. On September 27 James Waddell was disturbed in the night and found an intruder in the house. They clinched and battled but Waddell, an elderly man, was not equal to the prowler who managed to break away and jumped through a window opening, having first smashed the window, both sashes, with an iron bar.

## ANNIVERSARIES

(Continued from Front Page)

Anderson and Golden Sorenson. Those in charge of the kitchen arrangements were Miss H. Kemprud, Mesdames John Olsen, Fred Hanson, and Harry Wick. Mrs. O. T. Jacobson made and decorated the wedding cake. After the refreshments moving pictures were taken by Mr. Blomberg of Seattle.

The guests of honor were presented with a case of flatware from their Matsqui friends and a silver tea service and tray from their Swedish friends. Mrs. W. Baynes, Mrs. A. Whitson, Mrs. M. McKinnon and Miss Jeanette Gustafson contributed musical selections to the program.

## OUT-OF-TOWN GUESTS

Out-of-town guests included Mrs. F. Grant of Vancouver, Mrs. J. Dunson, Miss Ione Gustafson and Edwin Gustafson, Mr. and Mrs. J. Macus, Henry Blomberg, Mr. and Mrs. D. Reale, and Miss Frances Morehead, all of Seattle; Mr. and Mrs. Oscar Brandt, Mr. and Mrs. F. Alfredson, Mr. and Mrs. Victor Jensen, and Mrs. Dyrland and son Erwing, all of Bellingham.

## SILVER WEDDING

Over 40 relatives and friends gathered at the home of Mr. and Mrs. Roy Macchell on Saturday evening to honor Mr. and Mrs. Francis A. Beharrell on the occasion of their silver wedding anniversary.

The bride and groom entered the house to the strains of the wedding march. Standing under a white bell with streamers, they were supported by Miss Pearl Beharrell, sister of the groom, and Roy Macchell, brother of the bride, their attendants of 1916. F. W. Macchell presented the couple with a lovely silver tray and Mrs. Beharrell with a bouquet of red carnations and asparagus fern.

During the evening Miss Eileen Beharrell sang "Moonlight on the from a table which was prettily Wheel" with Miss Gene Macchell accompanying, which was followed by a sing-song.

A dainty lunch was served with Mrs. Wm. Gurney, sister of the bride, and Mrs. Wm. Beharrell, sister-in-law of the groom, poured from a table which was prettily decorated with a large bowl of yellow chrysanthemums and silver tapers, and centred with a tastefully trimmed wedding cake. Servers were Misses Doris Beharrell, Gene Macchell, Eileen Beharrell, Barbara Jones and Ethel Armstrong.

The evening closed with singing "For they are Jolly Good Fellows" and "Auld Lang Syne" with Mr. and Mrs. Beharrell and their family. Gordon W., Doris R. and Douglas G. within the circle.

## MATSQUI NEWS

(Continued From Page Four)

Miss Evelyn Thompson, R.N. Jack Kerr, and Mr. and Mrs. F. Simpson and son Billy were weekend guests of Mrs. G. Kerr.

Weekend guests of Mr. and Mrs. Wm. Kunzmann were A. Woods, Mr. and Mrs. Nathan Kunzmann and Bill Kunzmann, Jr., all of Seattle.

High water over the Beaton Road did not prevent many friends spending the evening at Mrs. O. Sorenson's to wish her a happy birthday.

Among the Matsqui war workers attending the Monday meeting in Philip Sheffield High School at Abbotsford were, Mrs. A. Gibbard, Mrs. S. F. Cameron, Mrs. Gronhert, Mrs. Creelman, Mr. and Mrs. B. Saunders, Mr. and Mrs. H. Shogren, Miss M. A. Sproat and Mrs. A. Beaton.

George Paterson, R.C.N., is home on leave and is visiting his father, George A. Paterson in Matsqui.

Matsqui Women's Auxiliary to the M-S-A Hospital is holding a tea in the church parlor on October 30.

Do your best; self-conquest is the greatest of all victories. Plato done with a sad heart.
